## I. Ranking Regulations

- A.) Only USTA members in good standing at the close of the ranking year shall be considered for ranking
- B.) In order to participate in tournaments closed to Louisiana players, the player must, at the time of entry into the tournament and throughout the dates of the tournament:
  - 1.) Hold a current USTA membership card assigned in Louisiana;
  - 2.) Be a citizen of the United States or meet the resident alien requirements for a USTA national ranking. Resident Alien requirements include resident aliens who have resided in the United States continuously for more than one year and are members of families of persons or a diplomat or consular core; and
  - 3.) Be domiciled in Louisiana, which means living in a Louisiana residence with the intent to remain there permanently. Although a player may have another residence in a different state, for purposes of this domiciliary rule, the Louisiana residence must be the players principal residence. In the case of a junior player, domicile means that the player is living in a Louisiana residence with at least one of his/her parents, or court-appointed guardian who has the intent to remain there permanently in that principal residence. Junior players do not lose their Louisiana domicile simply because
    - a.) they attend school or college outside of Louisiana, provided that at least one of the player's parents or guardian maintain domicile in Louisiana: or
    - b.) They spend time with one of his or her parents outside of Louisiana pursuant to a joint custody arrangement, provided that the player spends the remaining time with the other parent in his or her Louisiana domicile; or
    - c.) They move temporarily due to a parent's or guardian's military assignment outside of Louisiana.
- C.) The age eligibility and Ranking Year for all divisions correspond the dates adopted by the USTA, All rankings will cover matches played from January 1 through December 31
- D.) Consistent with USTA and the Southern Section, the LTA has adopted a Points per Round Ranking System with Bonus Points earned at Louisiana sanctioned junior tournaments for wins over top 100 players. Please visit the junior page on the LTA website ([louisianatennis.com](http://louisianatennis.com)) for specifics. Points obtained from play across the Southern Section will be calculated into Louisiana rankings. Additionally, points a player accrues in on higher age division will also be reflected in the player's lower age division ranking. The points earned in the higher age division will not be taken into account in the tournament selection process for lower age division tournaments.
  - 1.) Per rule #9, participation in the Supernationals, USTA Zone Team Championships or National Opens can be used to meet the tournament requirements. Points earned in those Tournaments (Supernationals, USTA Zone Team Championships or National Opens) will be considered for Louisiana ranking. Head to head play between two Louisiana players in any out-of-state event or any National/Sectional event held in Louisiana will only be considered for endorsement into Southern and/or selection for Southern Junior Cup.

    - b.) Any player suffering a death in his/her immediate family at any point during the duration of the event

### **IV. Louisiana State Junior Qualifying**

- A.) A junior player must play in the Louisiana State Closed Junior Qualifying Tournament in order to qualify for the Southern Closed. There are three exceptions to this rule:
  - 1.) A player must be exempt only when his/her spring semester of school has not concluded at the time of Qualifying commences. This does not mean a wavier would be granted for summer school, or any make-up course work that was required due to a player's failure to complete the course work during the regularly scheduled spring semester. The request to the JTC for a wavier must be supported by documentary proof from the player's school that he/she will still be in session past the date of Qualifying commences. Waviers must be received prior to the start of Qualifying.
  - 2.) A player may be exempt with a documented injury. A player must have a documented medical diagnosis of the injury by two physicians, at least one of whom is a specialist, and neither can be a family member by blood or marriage. The player must submit three completed forms: Request for Medical Wavier for Junior Qualifying, Physician's Statement of Injury, and Authorization for Release of Confidential Information. These forms are located on the LTA website on the junior page at louisianatennis.com. The completed forms must be received by the JTC Chairman before the draws are made, and in sufficient time for communication between the designated LTA representative and the player's physician.
  - 3.) A player may be exempt according to any applicable exemptions set forth by the Southern Tennis Association (STA). In the event of such wavier, which can only be granted by a vote of the Junior Tennis Council, the player would not be endorsed in the Louisiana state's quota; rather, the player would be placed at the bottom of the state's alternate list. The player could be picked up in the STA quota if the section selects him/her.
- B.) Standings – are posted on the LTA website (louisianatennis.com) throughout the year. These are standings, not rankings. Any corrections to player records must be submitted to the LTA by fax, email, or written letter. No phone call will be accepted.
- C.) Combined rankings – National, Sectional, and State regulations will be based on single and doubles rankings points. The Louisiana Tennis Association will follow the National and Southern

guidelines for combined rankings. Rankings will be calculated by taking 100% of the singles points of a player's best six tournaments plus 15% of the player's doubles points of the player's best six doubles events. These do not have to be the same six tournaments.
